

Stuller, Inc. *Corporate Award*

Nominated by: Mike Dehart

Community Foundation of Acadiana

Stuller, Inc. has been a contributor to many charitable organizations over its 52-year history. Initially, Matt's Angels was organized to assist individuals with financial difficulties during the holiday season with funding by Stuller's associates.

This generosity has morphed into The Stuller Family Foundation, one of Acadiana's more significant grant organizations. In fact, ten percent (10%) of Stuller, Inc.'s profits fund The Stuller Family Foundation each year, enabling it to grow and be a continuing outreach of Stuller, Inc. To date, the Stuller Family Foundation has donated more than \$70 million to the Acadiana area.

Over the past several years, Stuller has formalized its giving with the advent of Stuller Cares. This charitable giving program lets associates give through payroll deduction, and Stuller matches one-half (1/2) of each dollar donated by its associates. The charities are voted on every two years by associates. Currently, Stuller is supporting Miles Perret Cancer Services, Acadiana Animal Aid, Parish Proud, Maddie's Footprints, and Healing House.

In the past, other recipients of our associate's generosity included United Way, hurricane relief, Jewelers for Children, and Catholic Charities, to name a few.

Stuller, Inc.'s impact in the community goes well beyond the funds provided. With over 1,550 individuals working in its Lafayette, LA facility, associates volunteer for many groups, including Parish Proud litter pick-up programs, Festival International 5k, Healing House Family Adventure Day, Miles Perret Camellia Crossing 5K, Healing House, St. Jude Children's Research Hospital, and numerous other events.

Stuller, Inc. has been, and will continue to be, a part of Acadiana's fabric of families helping families.
